LITTELL'S LIVING AGE,

E. LITTELL & Co., cor. of Tremont and Bromfield streets, Boston.

This is work is conducted in the spirit of Littell's Museum of Foreign Literature, (which was favorably received by the public for twenty years,) but as it is twice as large, and appears so often, the editor not only gives spirit and freshness to it by many things which were excluded by a month's delay, but while thus extending his scope and gathering a greater and more attractive variety, is able so to increase the solid and substantial part of his literary, historical, and political harvest, as fully to satisfy the wants of the American reader.

The elaborate and stately Essays of the Edinburgh, Quarterly, and other Reviews; and Blackwood's noble criticisms on Poetry, his keen political Commentaries, highly wrought Tales, and vivid descriptions of rural and mountain Scenery; and the contributions to Literature, History, and Common Life, by the sagacious Spectator, the sparkling Examiner, the judicious Athenæum, the busy and industrious Literary Gazette, the sensible and comprehensive Britannia, the sober and respectable Christian Observer; these are intermixed with the Military and Naval reminiscences of the United Service, and with the best articles of the Dublin University, New Monthly, Fraser's, Tait's, Ainsworth's, Hood's, and Sporting Magazines, and of Chambers' admirable Journal. We does not consider it beneath his dignity to borrow wit and wisdom from Punch; and, when he thinks it good enough, makes use of the thunder of the Times.

The steamship has brought Europe, Asia, and Africa, into one neighborhood; and will greatly multiply our connections, as Merchants, Travellers, and Politicians, with all parts of the world; so that much more than ever it now becomes every intelligent American to be informed of the condition and change of foreign countries. And this not only because of their nearer connection with ourselves, but because the nations seem to be hastening, through a rapid process of change, to some new state of things, which the merely political prophet cannot compute or foresee.

Geographical Discoveries, the progress of Colonization, [which is extending over the whole world,] and Voyages and Travels, afford favorite matter for his selections; and, in general, the editor systematically and very fully acquaints his readers with the great department of Foreign affairs, without neglecting our own.

While the Living Age is desirable to all who to keep themselves informed of the rapid progress of the movement---to Statesmen, Divines, Lawyers, and Physicians---to men of business and men of leisure,---it will be found to be equally attractive and useful to their wives and children. It is indispensable to every well-informed family. We say indispensable, because in this day of cheap literature it is not possible to guard against the influx of what is bad in taste and vicious in morals, in any other way than by furnishing a sufficient supply of a healthy character. The mental and moral appetite must be gratified.

By "winnowing the wheat from the chaff," by providing abundantly for the imagination, and by a large collection of Biography, Voyages and Travels, History, and more solid matter, a work is produced, well calculated for universal popularity, and to raise the standard of public taste.

This excellent work is published every Saturday, by E. LITTELL & Co., Boston, who supply orders by mail from all parts of the country [illegible] to that amount. Each number makes a handsome pamphlet of 48 pages double col octavo. Price, 12 1-2 cts.,---or by the year, six dollars. We add to our own recommendation, what our readers will value infinitely more, a letter from the late Ex-President J. Q. Adams :---

"WASHINGTON, 27th December, 1845.

Of all the Periodical Journals devoted to Literature and Science which abound in Europe and this country, this has appeared to me to be the most useful. It contains indeed the exposition only of the current literature of the English language, but this by its immense extent and comprehension includes a portraiture of the human mind in the utmost expansion of the present age.

J. Q. ADAMS."

PROFESSOR A. C. BARRY'S

TRICOPHEROUS OR MEDICATED COMPOUND,

INFALLIBLE for renewing, invigorating, and beautifying the Hair, removing Scurf, Dandruff, and all affections of the Scalp, and curing Eruptions on the Skin, Diseases of the Glands, Muscles, and Integuments, and relieving Stings, Cuts, Bruises, Sprains, &c., &c. With this preparation, "there is no such word as fail." The first journals in America, medical men of the highest eminence, prominent citizens of all professions, and ladies who have used it for years in their dressing rooms and nurseries, admit with one accord, that, for imparting vigor, gloss, luxuriance, and curl to the hair, eradicating scurf and dandruff, healing wounds, curing contusions, sprains, stings, &c., and relieving diseases of the skin, glands, and the muscles, it has no equal among the multitude of compounds advertised in the public prints, or used in private practice. In cheapness as well as efficacy, Barry's Tricopherous is unrivalled. The immense cash sales of the article, have enabled the inventor to supply it at retail at twenty-five cents per bottle, which is from fifty to one hundred per cent. less than the price of any other preparation now in use. The scientific treatise on the hair and skin (embracing valuable directions for the culture and preservation of Nature's choicest ornament,) in which each bottle is enclosed, is alone worth the money.

The affinity between the membranes which constitute the skin, and the hair which draws its sustenance from this triple envelope, is very close.---All diseases of the hair originate in the skin of the head. If the pores of the scalp are clogged, or if the blood and other fluids do not circulate freely through the small vessels which feed the roots with moisture and impart life to the fibres the result is scurf, dandruff, shedding of the hair, grayness, dryness, and harshness of the filament and entire baldness as the case may be. Stimulate the skin to healthful action with the Tricopherous, and the torpid vessels, recovering their activity, will annihilate the disease. In all affections of the skin, and of the substrata of muscles and integuments, the process and the effect are the same.--- It is upon the skin, the muscular fibre, and the glands, that the Tricopherous has its specific action, and in all affections or injuries of these organs, it is a sovereign remedy.

Sold in large bottles--*price 25 cents*--at the Principal Office, 137 Broadway, New York. For sale by the principal Merchants and Druggists throughout the United States and Canadas, and by R. J. TAYLOR, Newport, and J. Balch & Son, Providence, R. I. apr39 6 a

From the Boston Chronotype.

Consumption is the great curse of our northern latitude. It is the blight of domestic felicity and the despoiler of beauty. It robs the cheek of its healthful bloom, the mind of its serenity, and the eye of its brilliancy. It wastes the form, dims the intellect, and plunges its victim into an early grave. The young and old, the serious and the gay, the city belle and the country lass, are alike its prey and its victims. Blessings on the man, then, whose genius and research furnished us weapons to bid defiance to this "Dweller of the Threshold!" He merits the applause and gratitude of ages--he shall have ours, at least.

WRIGHT'S INDIAN VEGETABLE PILLS SUGAR FROSTED!--The Proprietor of this popular Family Medicine thankful for the extensive and increasing favor with which it is received, and feeling desirous of making every improvement in his power, begs leave to announce, that he has added an OUTSIDE FROSTING to the pills, of pure White Sugar, whereby everything disagreeable to the taste or smell is entirely removed, without in the smallest degree affecting, in other respects, the excellent qualities of the medicine.--- The want of an innocent and convenient medium of disguising the Pills, so generally felt, is thus supplied, and it is confidently anticipated that the frosting will prove highly acceptable to the public. The occasional use of medicine is a matter of necessity with the great majority of mankind. Whatever, therefore, is done to remove its disagreeable associations, is a public benefit. The value of Wright's Indian vegetable Pills is well understood. Innocent and efficacious, free from minerals of every description, and adapted to the circumstances and condition of life, they are esteemed beyond all other remedies, as the greatest family medicine of the day. The frost-covering is an addition intended merely to conceal the taste and smell. These Pills will also continue to be prepared without the frosting, as heretofore, so that all who prefer them in their original state, may still be accommodated.

GENERAL DIRECTION.--The ordinary dose for a grown person is from two to four Pills; but in cases of violent pain, in any part of the day, the medicine should be taken in large doses, and repeated every night on going to bed, (or oftener if the suffering is great,) until pain, or distress of every kind is removed; after which, the medicine should be taken merely with a view to keeping the bowels regular which will in a short time restore the body to a state of sound health.

For more particular directions, see the circular accompanying each box.

BY CRANSTON & NORMAN,

127 Thames Street.

TUESDAY MORNING, SEPTEMBER 3, 1850.

☞ The annual Commencement of Brown University takes place to-morrow. The United Brothers and Philomenian Societies have their celebration this afternoon. The Oration will be delivered by the Hon H. L. Raymond, of New York, editor of the Courier & Enquirer. The Poem will be by Park Benjamin, Esq., of this town. Mr. B.'s subject is "Fashion." We have heard this poem read by the author, within a few days past, and hesitate not to pronounce it one of Benjamin's best efforts.—The Fashions of the present day are handled in a very caustic manner, and the miserable weaknesses of men and women are shown up in a light that must bring a burning blush of shame upon many a face, as blow after blow is struck. A fashionable belle and an exquisite dandy are portrayed with masterly skill,—while a variety of other fashionable follies are served up in truly aromatic style.

We hope that Mr. Benjamin will favor our citizens with this Poem, some evening during the Autumn.

For the Daily News.

AN INCIDENT IN THE LIFE OF THE LATE MARGARET FULLER, (MARCHIONESS OSSOLI.)—Probably few of those who understood and appreciated the intellectual endowments of the late lamented Margaret Fuller, were aware of the moral light which so beautifully irradiated them. Her sympathy for all classes and conditions of suffering humanity was unbounded. Not only did the wearer of an iron chain excite her commiseration,—for the slave of sin, sunk to the lowest degredation, she had ever a loving look, and an encouraging word.

Passing once through a prison, she was attracted by the haggard and emaciated appearance of a female convict. As she approached, with violent words and gestures the woman repulsed her—"Go away—go away—I don't want any preaching—let me die in peace—go away!" With a gentle voice—so well remembered by many—Miss Fuller assured her that she had not come to preach, but to offer sympathy, and if necessary, aid. This unexpected address [illegible] and reached a heart long closed against all benevolent efforts to soften its incrustation. She invited her new friend to sit down—listened quietly to her affectionate words—bathed with tears the hand kindly laid upon her withered fingers—and at length said—"will you pray with me?" The request was readily granted, and all the better thoughts and feelings that remained in that poor outcast's nature, were roused from their long slumber.

☞ Messrs. D. J. & N. H. Gould, have a large variety of Fancy Costumes, Masks, &c., at the Hall of the Ocean House.—Those wishing any of these articles should call there at once, and select such as they desire to wear at the Fancy Ball, to-morrow night.

COMMENCEMENT.—The eighty-first commencement of Brown University will be celebrated on Wednesday next.

The joint celebration of the Philermenian and United Brothers Societies will be held on Tuesday afternoon, at 3 1-2 o'clock, in the Rev. Dr. Hall's Church. The oration will be delivered by HENRY J. RAYMOND, Esq., of New York, editor of the Courier & Enquirer. The poem will be delivered by PARK BENJAMIN, of Newport.

The address before the Society of Missionary Inquiry will be delivered on Tuesday evening at the First Baptist Church, by the Rev. ALEXANDER H. VINTON, D. D of Boston. Dr. Vinton was the orator selected for the last anniversary, and a brilliant auditory had assembled, when he was seized in the pulpit by a sudden illness, and was compelled to leave the Church.

The Phi Beta Kappa Society, having been disappointed in their orator, will hold no public celebration.

The Commencement will derive unusual interest from the fact that the new plan of instruction has been prepared, and that the subscription to the funds required to carry it out is so nearly completed. We learn that but a few thousand dollars are wanted to make up the sum of $125,000, which is necessary to make the previous subscriptions binding. We doubt not that among the graduates who will meet here this week, there will be some who will be ready to contribute, and thus secure to the University a noble munificence which has been conditionally extended to her.—*Prov. Journal.*

☞ Those who intend going to the Fancy Ball should procure their Tickets, at the Ocean House without delay, as this will enable the Managers to expedite their arrangements very much.

The best way to "expand the chest" is to have a large heart inside it!

ARRIVAL OF THE ATLANTIC.

NEW YORK, Sept. 1, 1850.

The steamship Atlantic, Captain West, reached her dock about two o'clock this afternoon, having left Liverpool at half-past eleven o'clock, 21st ult.

She brings upwards of 130 passengers, among them Jenny Lind. The excitement to receive her was immense, and enthusiasm was great. She bowed respectfully to the crowd, and seemed highly delighted and in excellent spirits. Jules Benedict and Signor Bellitte are amongst the passengers. At Liverpool, the excitement was so great to take a farewell of her, that a special steamer had to be engaged to take her on board. She made herself extremely agreeable the whole passage, and on one occasion gave a concert for the benefit of the sailors, which realized £70 sterling. On her arrival here, she proceeded at once to the Irving House.

The Havre Cotton market is exceedingly dull; prices unchanged.

The Wheat crop in England is thought to be below the average, and a great portion of the potatoe crop it is feared will be lost.

The accounts from Schleswig reports a complete suspension of the operations of both armies in the field, but the general impression is that the stillness will not be of long duration.—Some of the new German recruits are said to be already murmuring at the inactivity to which they are compelled to submit.

Advices from Belgium state that a large tract of the country, presents a most melancholy harvest scene for nearly 60 miles, all the lowlands are flooded and the Corn floating about.—Thousands of acres of water streach on each side of the railway, and might be taken for lakes were it not for the rows of trees that mark the margin of the submerged fields.

The Austrian Government has rejected the proposition of the Lambardo Venetian deputies relative to the loan of one hundred and twenty million florins, the Government not wishing to pledge itself not to issue any paper money in those provinces.

French in the Provinces continues to be of the most enthusiastic character.

The dates from Labuan are to the 10th of June—the American Envoy had also called a Labuan on board the U. S. Frigate Plymouth and inspected the coal mines.

DENMARK.

The marriage of the King of Denmark, (Morganie) on the 7th of August, with Madlle Lola Rasmusser, who was formerly a milliner is again confirmed, and it is stated she exercised great power over the King. She was raised to the title of Baroness Danner.

THINK AGAIN.—It is related that the first few days of the reign of Queen Victoria, then a girl between nineteen and twenty years of age, some sentences of a court martial were presented for her signature. One was death for desertion—a soldier was condemned to be shot, and his death warrant was presented to the Queen for her signature. She read it, paused, looked up at the officer who laid it before her, and said,

"Have you nothing to say in behalf of this man?"

"Nothing! he has deserted three times," said the officer.

"Think again, my lord," was her reply.

"And," said the veteran, as he related the circumstance to his friends—for it was no other than the Duke of Wellington—"seeing her majesty so earnest about it, I said, 'He is certainly a very bad "soldier" but there was somebody who spoke as to his good character and he may be a good man for aught I know to the contrary.'"

"I thank you a thousand times," exclaimed the youthful queen, and hastily writing PARDONED in large letters on the fatal page, she sent it across the table with a hand trembling with emotion.

What a world of instruction, goodness and, true philosophy is contained in these two words, "think again." Could we adopt their spirit as the rule of our lives, and and all, what a happy change would come over society. In all our business concerns, in our social and moral relations, our political and religious duties, what important results might follow, if, on many, very many occasions, we would think again before deciding on acting.

FANCY BALL. At a meeting of the Executive Committee, held at the Ocean House on the 2d instant, the following resolution was adopted, in conformity with a desire generally expressed by many persons, who propose participating in the Ball.

Resolved, That the rule heretofore adopted, allowing ladies to wear masks, be rescinded, and that all masks shall be excluded from the Ball.

FANCY COSTUMES. The largest and most splendid assortment of Fancy Costumes ever exhibited in this State, are now open at Ocean House Hall, by Messrs Goulds and Taylor.. The gentlemanly and polite Mr. Philips is in attendance, he is perfectly conversant with all the characters, and it seems to give him great pleasure to show the different dresses to all.

ILLUMINATED LETTER OF CONGRATULATION TO PRESIDENT FILLMORE.—The Washington *Union* has been shown by Dr. Gabor Nephegyi an illuminated letter of congratulation to the President, which was presented on Wednesday last.

In the centre is a likeness of Mr. Fillmore, on rice paper, with an illuminated border in the Chinese style. On the right is the oath of the office in English, over which is the Goddess of Liberty, with the coat of arms of the U. States, and the Goddess of Justice, with her scales. On the left is the Virgin of Comorn, with the coat of arms of Hungary. The following inscriptions appear:—

In *Hungarian:* "Placed by Fate in the highest office, she could not select a better one to succeed him who has gone before."

In *Sclavonian*, "May thy Guardian Angel never be parted from thee."

In *German:* "Diamonds and pearls are the jewels in the crowns of emperors. Thy jewels will be the love of the people—the honor of the world.

In *Hebrew:* "Wherever thy steps go may you be blest by the mighty God over thee."

In *Caldo* "Placed in a chair built by the free will of a whole brave nation is the highest honor which a mortal can attain."

In *Latin*: "Initium sapientiæ est timor Domini."

In *French*: "Toujour devant toi l'impartialitie."

In *Syriac*: "On thy right Equality."

In *Armenian:* "On thy left Fraternity."

In *Wallachian:* "And ever before thee Impartiality."

In *Modern Greek:* "Justice shall be thy mirror, in which and from which thy actions will be reflected."

VALUATION OF NEW BEDFORD.—The mercury states that the assessed valuation of property in that city, as gathered from the official returns just completed, is: Personal property, $11,102,450; real estate, $7,018,750,—total, $18,121,200. The rate of assessment i $4,50 per $1,000.

"What are you about my dear?" said his grandmother to a little boy who was sliding along the room, and casting furtive glances at a gentleman, who was paying a visit.

"I am trying, grandmama, to steal papa's hat out of the room, without letting that one see it," said he, pointing to the gentleman, "for papa wants him to think that he is out."

LONG.—The length of the counters for the display of the articles at the World's Fair in London will be about seven miles.

BURIAL OF JOHN W. WEBSTER.—The body of Prof. Webster was dressed for the tomb, at the jail on Friday afternoon, by John Peake, Undertaker, and placed in a mahogany coffin. At about 6 o'clock it was removed by the private entrance to Lowell street, where a hearse was in waiting, and conveyed to his late residence in Cambridge. Funeral services were there performed in presence of the family and a few friends of the deceased, by Rev. Dr. Walker. The remains were then replaced in the hearse, and without any funeral train, conveyed to Mount Auburn. There alone, in the silence and darkness of night at about 11 o'clock, the earthly remains of Prof. John W. Webster were deposited in the family tomb.

MARRIED.

In this town, on Sunday evening, by the Rev. Mr. Brooks, Mr. William G. Ward and Miss Elizabeth Smith, both of this town.

DIED.

In Fall River, 23d ult of consumption, Mr. Nathan S. Brown, aged 37.

A NEW & VALUABLE IMPROVEMENT IN DAGUERREOTYPING.
THE MAGNETIC BUFF.

MR. J. A. Williams would inform his friends and the public that he has an improvement upon the common magnetic hand buff, his being in the form of a wheel and geared in such a manner that its velocity will produce a greater quantity of Electro Magnetic Fluid than can possibly be produced by the hand buff. In this manner the plate is highly polished and at the same time so well charged with the Magnetic Fluid as to produce Daguerreotypes of a superior quality almost instantly.

Rooms in Case's building near the Fountain at the foot of Parade. jy20.

Henry Clay, John M Botts &c &c. Also he would state that the new sky-light which he has had constructed, is a facsimile of the one at New York, which has gained him so much celebrity for the bold, mellow, life-like tone of Pictures which it produces.

MRS. E. KIDDER'S CORDIAL
The most perfect remedy for the cure of
Cholera, Cholera Morbus, Dysentery, Summer Complaints of Children, and Diarrhoea, either recent or protracted.

THE public have been familiar with this medicine for nearly twenty years; and through its intrinsic merits it has created for itself a wide spread market, both in this and distant countries. It has never been equalled by any other medicine, and there is no probability that it ever can be excelled. Its powers in effecting an immediate CURE in every case of *CHOLERA, DYSENTERY AND DIARRHEA!*

in every country, and in every climate, has astonished the world. Physicians have looked on their dying patients with wonder and astonishment, at seeing them revive and become restored, when the last spark of life seemed to be flickering, and all hope of recovery had fled. Such cases have been every-day occurrences. It is not too much to say, that not a single case from either of these diseases need be lost, when this medicine is administered in any reasonable time, so sure is it to cure.

It seldom requires more than a few days to cure the worst cases; and all recent cases are cured in the course of a few hours.

At this season of the year every family should have it at hand in case of sudden attacks as the immediate use of the Cordial will entirely prevent any serious sickness.

DR. CHRISTIE'S GALVANIC BELT, BRACELET NECKLACE AND MAGNETIC FLUID.

For the Removal and Permanent Cure of all NERVOUS DISEASES,

And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the *most valuable medicinal discovery of the age.*

Dr. CHRISTIE'S GALVANIC BELT

and

MAGNETIC FLUID,

is used with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in FITS, CRAMP, PARALYSIS and PALSY, DYSPEPSIA or INDIGESTION, RHEUMATISM, ACUTE and CHRONIC, GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST, LIVER COMPLAINT, SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERVOUS and PHYSICAL ENERGY, and all NERVOUS DISEASES, which complaints arise from one simple cause—namely,

A Derangement of the Nervous System.

☞ In NERVOUS COMPLAINTS, Drugs and Medicines *increase the disease*, for they weaken the vital energies of the already prostrated system; while under the strengthening, life-giving, vitalizing influence of Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to former health, strength, elasticity and vigor.

The great peculiarity and excellence of

Dr. Christie's Galvanic Curatives,

consists in the fact that they arrest and cure disease by *outward application*, in place of the usual mode of drugging and physicking the patient, till exhausted Nature sinks hopelessly under the infliction.

They strengthen the whole system, equalize the circulation of the blood, promote the secretions, and never do the slightest injury under any circumstances. Since their introduction in the United States, only three years since, more than

60,000 Persons

including all ages, classes and conditions, among which were a large number of ladies, who are peculiarly subject to Nervous Complaints, have been

ENTIRELY AND PERMANENTLY CURED,

when all hope of relief had been given up, and every thing else been tried in vain!

To illustrate the use of the GALVANIC BELT, suppose the case of a person afflicted with that bane of civilization, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken, which, by their action on the nerves and muscles of the stomach, afford *temporary* relief, but which leave the patient in a lower state, and with injured faculties; after the action thus excited has ceased. *Now* compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worst symptoms of an attack, and simply tie the Belt around the body, using the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

CERTIFICATES AND TESTIMONIALS

Of the most Undoubted Character,

From all parts of the Country could be given, sufficient to fill every column in this paper!

AN EXTRAORDINARY CASE,

which conclusively proves that

"Truth is stranger than Fiction."

The following letter, narrating one of the most remarkable events in the annals of Medical Science, is from the

Rev. Dr. Landis, a Clergyman

of New Jersey, of distinguished attainments and exalted reputation:—

SIDNEY, New Jersey, July 12, 1848.

DR. A. H. CHRISTIE—Dear Sir: You wish to know of me what has been the result in my own case, of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows:

For about *twenty years* I had been suffering from Dyspepsia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. My physicians were skilful and excellent men, but here their prescriptions failed. About *fourteen years* since, in consequence of frequent exposure to the weather, in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumatism, which for year after year, caused me indescribable anguish. In the severer paroxysms, the skill of my physicians sometimes afforded me great relief; but this relief was only temporary. Further: in the winter of '45 and '46, in consequence of preaching a great deal in my own and various other churches in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. *My nervous system was now thoroughly prostrated*, and as my Bronchitis became worse, so also did my Dyspepsia and Rheumatic affection,—thus evincing that these disorders were connected with each other through the medium of the Nervous System. My sufferings were indeed severe, and I had no prospect other than being entirely laid aside from the discharge of those duties, and the performance of those labors in which my soul has ever found the highest of her joys.

But reasoning from effect to cause, I concluded that the *Nervous System* must be reached, before any hope could be indulged of my obtaining relief from these most distressing maladies. In the whole pharmacopoeia there seemed to be no remedial agent which could reach and recuperate my Nervous System; every thing that I had tried for this purpose had completely failed. At last I was led *by my friends* to examine your inventions, and (though with no very sanguine hopes of their efficiency,) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June, 1846. TO MY GREAT ASTONISHMENT, IN TWO DAYS MY DYSPEPSIA HAD GONE; IN EIGHT DAYS I WAS ENABLED TO RESUME MY PASTORAL LABORS; NOR HAVE I SINCE OMITTED A SINGLE SERVICE ON ACCOUNT OF THE BRONCHITIS; AND MY RHEUMATIC AFFECTION ALSO CEASED TO TROUBLE ME. If time permitted, I could fill a sheet of paper with the details of particulars, but I can now only furnish this brief abstract. My Dyspepsia has *never returned*; the Rheumatism once in a while visits me, but not severely, and is easily arrested, and is manifestly being driven from its hold upon my system, and my Bronchial affection is *entirely cured*. Such is the wonderful and happy results of the experiment.

I have recommended the BELT and FLUID to many who have been likewise suffering from Neuralgic affections. They have tried them, with HAPPY RESULTS, I BELIEVE IN EVERY CASE.

I am, dear sir, very respectfully yours,
ROBERT W. LANDIS

BRANT'S INDIAN PULMONARY BALSAM

cures very many of the most strongly marked and developed cases of PULMONARY CONSUMPTION—real, undoubted cases of ulcerated and diseased LUNGS—such HOPELESS cases as were never before cured by any other medicine. No others so palpable were some of the effected persons, as to have been pronounced by physicians and friends to be ACTUALLY DYING. Some, who had their burial-clothes made, have been cured, and yet live; others, who it was said would not live another day, are now as well and hearty as they ever were.

It possesses all the cleansing and purifying virtues nearly as powerful and active as the preparation which we call

BRANT'S INDIAN PURIFYING EXTRACT.

This Balsam differs from the Extract, because it possesses several medications which are peculiarly adapted to, and are essentially necessary for, the cure of

COUGHS AND CONSUMPTIONS,

and all diseases of a pulmonary nature—such diseases as usually prove so fatal under ordinary treatment, when they attack the

Breast, Throat, Lungs, and Heart.

This BALSAM HEALS AND CURES ULCERS in the LUNGS, and elsewhere *internally*, as *certainly and easily as the Purifying Extract cures and heals ulcers externally.* This Balsam cures NINE cases of Cough and Consumption out of TEN, after all other remedies have *failed to do good.*

Thousands of Consumptions

and *Chronic Coughs* abundantly prove its *unfailing efficacy* in such diseases, and its undoubted curative power, and soothing, healing properties, in the following complaints and diseases, viz.: *Spitting of Blood, Bleeding at the Lungs, Pain in the Breast and Side, Night-Sweats, Nervous Complaints, Palpitation of the Heart, Cholera Infantum, Dysentery and Summer Complaints in Children and Adults, and* ALL FEMALE WEAKNESSES.

CONSUMPTION.

A DYING WOMAN CURED!

We state this cure, to prove the POWER TO SAVE LIFE when this BALSAM is used, even after the person is *considered by physicians and friends* to be in the *last stages of disease*—actually DYING—and, in this case, SO FAR GONE, *that the* SHROUD *and* BURIAL-CLOTHES *were bought!* For the particulars of this case, and the respectable and undoubted proof of all the circumstances and facts, we refer to our PAMPHLETS.

This cure was effected on Mrs. ZIBA DYKEMAN, of *Ballston Spa, Saratoga County, N. Y.* We can prove, beyond a doubt, *many others, almost equally hopeless, and* innumerable cases *of Coughs and Consumption* CURED, which were *pronounced incurable by* SKILFUL PHYSICIANS.

A DOCTOR CURED!

DR. J. W. FRENCH, *of Hillsdale, Hillsdale county, Michigan*, about the 1st of January, 1849, wrote as follows: "I have been in the regular practice of medicine in this place for nine years, but was obliged to quit the practice of my profession in consequence of ill health. I was so severely afflicted with a *Chronic Disease of the Lungs*, as to convince me that I HAD THE CONSUMPTION, past doubt. I coughed almost incessantly, night and day, and had severe pains and soreness in my chest, side, and breast. I tried the remedies recommended by the most skilful of the profession, all to no effect, excepting the causes and debility caused by them. I was prejudiced against patent medicines, and have no faith now in them generally. But I was induced as an experiment, more than through faith—to try a bottle of BRANT'S INDIAN PULMONARY BALSAM; and I do here acknowledge, for the benefit of the afflicted, to whom it may serve, that the effect of its use on me was the most prompt and salutary of any medicines I ever witnessed the effect of in all my practice. *My cough was immediately relieved, and in about eight or ten days I was free from cough, soreness of the chest, and pain, and now consider and pronounce myself a* WELL MAN."

Dr. French is now a respectable druggist at Hillsdale.

FITS, FITS, FITS.

Messrs. J. K. LIPPINCOTT & SON, respectable merchants at *Hillgrove, Sullivan county, Pennsylvania*, wrote to us, *May 17, 1849*, stating, among other BENEFITS which had been derived from the use of BRANT'S PULMONARY BALSAM, that one of their customers has just informed them that her child, which had been subject to FITS *for several years*, was cured by the use of BRANT'S BALSAM.

Would soon be in a Grave.

Mr. WILLIAM D. JENNINGS, a merchant at *Forest Centre, Ashtabula county, Ohio*, wrote to us, October 2, 1848, and stated a cure of CONSUMPTION which the use of *Brant's INDIAN PULMONARY BALSAM* had effected in Mr. WILLIAM CROCKET, of an adjoining town. He said Mr. Crocket had sought relief from the best physicians and numerous medicines, but found none, for the fatal hand of that unrelenting monster, *Consumption*, had taken that hold on his vitals, and was so destroying and debilitating his body, that he was a *mere skeleton*. He was *given up by his physicians* and all friends, as one who would *soon be in a grave*. But even in this last extremity, strange and marvellous as it may seem, yet it is true, that the use of *only five bottles* of BRANT'S INDIAN PULMONARY BALSAM has unclenched the hand of the destroyer, and restored Mr. Crocket to health, and he is now *a healthy, hearty, rugged man!*

S. D. DANN, Esq., *merchant and postmaster at Jefferson*, an adjoining town, wrote to us about the same time, and stated that he was acquainted with Mr. CROCKET, and *testified to his CURE, and all the above-named facts.*

Could not Live a Day longer!

Messrs. E. B. CALDWELL & CO., of *East Oswego, Oswego Co., N. Y.*, respectable druggists, wrote to us: "We have just heard, through Mr. Whiteman, a respectable citizen of this place, of an important cure of *Consumption*, which BRANT'S INDIAN PULMONARY BALSAM has produced on the wife of an acquaintance of his, who resides in the town of Palermo, in this county. She had been long confined to her bed, and was so dangerously diseased, that her friends believed it impossible for her to *live another* ONE DAY LONGER. But, when all other hope utterly failed, she commenced taking BRANT'S PULMONARY BALSAM, and [illegible] effects [illegible] using it, so that she is now *going about and attending to her domestic household affairs and duties.* She acknowledges, and it is very evident, that she is indebted to BRANT'S BALSAM *for* her recovery from a long, severe, and dangerous sickness; and her friends and neighbors consider that medicine invaluable."

RAISED FROM THE GRAVE.

Messrs. PRATT & FOSTER, *merchants, of West Cornwall, Conn.*, said BRANT'S BALSAM has effected cures of such hopeless cases of CONSUMPTION in their town, that now no other cough-medicine could be sold there; that it *had raised some as if from the* GRAVE—some that physicians and all their friends SAID MUST DIE! One gentleman, in particular, was so far gone, that his physician told him it *was useless to take any more medicine.* He then, when *no hope was left*, began to take BRANT'S BALSAM—*got* WELL—*and is now as well as ever he was!*

Many Consumptions Cured.

Mr. S. H. CLARK, *merchant, Clyde, Wayne county, N. Y.*, wrote to inform us that BRANT'S PULMONARY BALSAM sold rapidly at Clyde, *and said*: "If the statements of scores of our most respectable people, and personal, visible knowledge, can be relied on, its *medical virtues* have cured *many consumptive persons*, several of whom I am acquainted with, who were so hopelessly sick as to be considered, by physicians and all friends, past a possibility of cure; and yet, the facts are, BRANT'S BALSAM has restored them to PERFECT HEALTH."

LUNGS BLED—MUST DIE!

Mr. Z. S. TERRY, *merchant, Byron, Genesee county, N. Y.*, wrote, August 24, 1848: "BRANT'S [illegible] is doing wonders here. It has cured a man of *Consumption* that all the physicians had said *must die.* When he commenced taking Brant's Medicine, he could not raise his hand to his head; he *bled at the lungs*, and every symptom seemed to indicate that he must die; but, astonishing to all, he is now able to labor, and rides all over the county. He used *only five bottles.* It has also cured a young lady of *Consumption* in Orleans county, which her father says *no doctor could cure.*"

Mr. MILLER, a merchant of the same place, has certified to the truth of the above statement.

Was believed past Cure!

Mr. CORNELIUS H. SMITH, *merchant, Collins Centre, Erie Co., N. Y., January 16, 1849*, said: "Your BRANT'S INDIAN PULMONARY BALSAM and BRANT'S PURIFYING EXTRACT are nearly all sold, and I want immediately another supply, for they sell more rapidly, and *give better satisfaction, than all the other medicines we have* for sale. The *Pulmonary Balsam* has raised a lady here from a bed of dangerous and severe sickness which all the doctors had *given up as INCURABLE.* They said she *must die with a Consumption of the Lungs.* After all had pronounced the case HOPELESS, she commenced taking BRANT'S BALSAM—and now *she is well.*"

CHRONIC DYSENTERY,

and SUMMER COMPLAINTS, in *children or grown persons*, cured *without any failure whatever.* Also—

CHOLERA INFANTUM

No mother need ever mourn the death of her child by that child-distressing complaint, when *teething* in warm weather—*Cholera Infantum*, or what is called SUMMER COMPLAINT—if "BRANT'S PULMONARY BALSAM" be administered to the child. It should, however, in such cases, be used in *twice as large quantities* as the directions on each bottle prescribe, until the complaint is *checked.*

"DOCTORS CALL IT WONDERFUL."

DOCT. IRA JOHNSON, *of Lexington, Greene Co., N. Y.*, wrote to us, January 1st, 1849: "I became acquainted with some of the astonishing effects of your BRANT'S INDIAN PULMONARY BALSAM, by having witnessed at some most *wonderful cures* of CONSUMPTION produced by it here, in Monticello, Sullivan Co., New York, about a year since; and have since felt anxious that its great efficacy might become more generally known. The last summer I had a brother-in-law quite sick with consumption, and I felt confident, from what I had seen of the efficacy of BRANT'S BALSAM, that if I could procure it for his use, it would cure him; and as we could not find it in this county, I went to Sullivan county, about ninety miles, and purchased several bottles; but before I returned with the medicine, he died. One of my neighbors was then very much affected with pain in the breast and side, and with such a stricture and tightness across his chest, that he breathed with great difficulty. He used one bottle of the medicine that I brought, and it cured him. [illegible] wife has used another bottle, and she says it has done her more good than all the other medicines she ever took. From the benefit these persons have derived, and from my recommendations, from what I had previously heard and seen of its good works, many persons here are now wanting the medicine; and as there is no agent in this town, they have persuaded me to write for an agency.

Yours, respectfully, IRA JOHNSON.

DOCTORS COULD NOT CURE.

Mr. CORNELIUS H. SMITH, *merchant, Collins Centre, Erie Co., N. Y., January 16, 1849*, said: Your BRANT'S INDIAN PULMONARY BALSAM, and BRANT'S PURIFYING EXTRACT, are nearly all sold; and I want immediately another supply, for they *sell more rapidly, and give better satisfaction*, than all the other medicines we have for sale.

DR. HOOFLAND'S

CELEBRATED GERMAN BITTERS,

Prepared by

DR. C. M. JACKSON,

AT THE GERMAN MEDICINE STORE,

120 *Arch Street, Philadelphia.*

Their power over the above diseases is not excelled—if equalled—by any other preparation in the United States, as the cures attest, in many cases after skilful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal, safe, certain and pleasant.

READ AND BE CONVINCED.

Chas. Robinson, Esq., Easton, Md., in a letter to Dr. Jackson, January 9, 1850, said—

"My wife and myself have received more benefit from your medicine than any other we have ever taken for the Dyspepsia and Liver disease."

"The Tenth Legion," published at Woodstock Va., January 10, 1850, said—

"A GREAT MEDICINE."

"We have uniformly refrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice is the *German Bitters*, invented by Dr. Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine has been tested, has fallen under our observation. During the last summer, a son of Mr. Abraham Crabill, of this county, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters, and after using it, was so much relieved of his distressing malady, that he procured another bottle, and is restored entirely to health."

READ FURTHER A FEW FACTS

From "The Weldon Herald," published at Weldon, N. C., January 25, 1850, which said—

"*Patent Medicines.*"

"It is very seldom that we make any allusion to Patent Medicines, either approving or otherwise. Unfortunately for the country, and for honest and conscientious inventors and venders of these medicines, the land is becoming flooded with quack preparations, that are made alone for profit, and are fit not even for the dogs. In this state of things it is hard to tell which are, and which are not worth having. If a person gets an indifferent medicine the first time he purchases, he is very apt to condemn the whole of them and buy no more, and inventors must only blame those of their number, (who ignorantly combine plain medicines together for the purpose of making money,) for the ill success which attends the efforts of the deserving."

"We believe Dr. C. M. Jackson's 'Hoofland's German Bitters,' to be a most excellent medicine, and one that should be highly popular in these days of Temperance—for they are altogether Vegetable in their composition, without one drop of Alcoholic Spirits in them. This medicine is innocent, but strengthening in its effects, and richly deserving of an unbounded popularity, which, when it becomes known, it will, no doubt, fully enjoy."

Judge M. M. Noah said, in his "Weekly Messenger," January 6, 1850,

"*Dr. Hoofland's German Bitters.*—Here is a preparation which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times—the late Dr. Christopher Wilhelm Hoofland, professor to the University of Jena, private physician to the King of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of *humbug*, and therefore a medicine of which he was the inventor and endorser may be confidently relied on. He specially recommended it in Liver Complaint, Dyspepsia, Debility, Vertigo, Acidity of the Stomach, Constipation, and all complaints arising from a disordered condition of the stomach, the liver and the intestines. Nine Philadelphia papers express their conviction of its excellence, and several of the editors speak of its effects from their own individual experience. Under these circumstances, we feel warranted, not only in calling the attention of our readers to the present proprietor's (Dr. C. M. Jackson's) preparation, but in recommending the article to all afflicted."

MORE EVIDENCE.

The "Philadelphia Saturday Gazette," the best family newspaper published in the United States. The editor says of

DR. HOOFLAND'S GERMAN BITTERS:

"It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage of our readers; and, therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after it has done its guilty race of mischief, but of a medicine long established, universally prized, and which has met the hearty approbation of the faculty itself."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia, than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt after using it as directed. It acts specifically upon the stomach and liver; it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to *female* or *infant* with safety and reliable benefit, at any time.

BEWARE OF COUNTERFEITS.

This medicine has attained that high character which is necessary for all medicines to attain to induce counterfeiters to put forth a spurious article, at the risk of the lives of those who are innocently deceived.

Look well to the marks of the genuine.

They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.

The Handsomest, Cheapest, and Best Article for Light, is

MARSH'S PATENT OIL.

THIS is a new invention, recently introduced, and now very extensively used by the public.

Mr. Marsh is constantly receiving, [both at home and from abroad,] the very highest testimonials of the true merits and great superiority of his new Oil, over everything before used for light.—Among them we select the following:

MARSH'S PATENT OIL.—This is the name given to a newly invented Oil, for producing light, which has just been introduced to the public by Mr. Marsh. Having tried it ourselves, we can speak from experience, and do not hesitate to award it a high order of merit. It is entirely free from grease or smell while burning, and is not liable to the too common objection of almost all burning fluids, that of explosion. It gives a beautiful and steady light, is much handsomer than oil, and costs less. For a slight expense, common glass lamps may be fitted with new tubes, and the oil burnt in them.

We recommend a trial to those who would obtain a beautiful light.—[Boston Journal.]

WASHING, BLEACHING AND CLEANSING FLUID.

THE greatest labor-saving article yet discovered. By its use, washing machines and boards are dispensed with, and not one quarter of the labor is required to do the washing of a family.

The Fluid is a chemical compound of sufficient strength to extract all foreign substances from the cloth, by simply boiling a small quantity of it with the clothes, and without the slightest injury to the most delicate fabric.

The expense is not more than that of the soap ordinarily used, and besides this it will be seen that the great wear and tear of clothing consequent upon the old method of hard rubbing upon a board, and the use of the pounding barrel, is wholly avoided, *because saving* is thus made. It is emphatically the female's friend.

This medicine will be found to cure all complaints arising from disorders of the stomach and bowels, billiousness, yellowness of the skin, Liver complaints, Debility, Headache, Nervousness, Low Spirits, Palpitation of the Heart, Costiveness, &c. &c. Please read the following certificate:

Read the following from an eminent physician:

The undersigned being acquainted with some of the ingredients of Hutchings' Vegetable Dyspepsia Bitters, and having used it for some time in his practice with every desired effect, he recommends this medicine from the certainty of its effect, and gives it a preference over all preparations in medicine for that distressing complaint, Dyspepsia.

T. HARDENBERGH, M. D.,
No. 1 Beach street, N. Y.

From Luther A. Wyman, Esq., late President of New York Musical Society, now of Brooklyn:

The undersigned was afflicted with Dyspepsia of the worst form for one year and a half, during a greater portion of which time he made use of no remedies, but suffered the disease to take care of itself, until he was recommended to try Hutchings' Dyspepsia Bitters; he very soon derived benefit from the use of a few bottles of this medicine and now considers himself entirely well.

The undersigned has every confidence in the efficiency of Hutchings' Bitters for the cure of this troublesome and dangerous complaint, and he has no hesitation in recommending it as a most valuable medicine.

L. B. WYMAN,
N. York, Sept. 3, 1849. 38 Burling Slip.

The following certificate is from Mr. Brady, the celebrated Daguerreotypist:

Having been afflicted very severely with Dyspepsia, together with extreme weakness he was advised to take Hutchings' Dyspepsia Bitters, and have every reason to believe it has perfectly cured me. I have felt no symptoms of a return of the disease and believe from the effect it had on me that it will cure the worst cases of Dyspepsia.

M. B. BRADY,
No. 205 Broadway, N. Y.

The Proprietor of this medicine has received many other certificates of cures, equally remarkable, of the various diseases for which this preparation is applicable; but the above are deemed necessary to satisfy any unprejudiced mind of its value and superiority above all other preparations.

TO THE LADIES.

WASHING, BLEACHING AND CLEANSING FLUID, the greatest labor-saving article yet discovered. By its use, washing machines and boards are entirely dispensed with, and not one quarter the labor is required to do the washing of a family.

The Fluid is a chemical compound of sufficient strength to extract all foreign substances from the cloth, by simply boiling a small quantity of it with the clothes, and without the slightest injury to the most delicate fabric.

The expense is not more than that of the soap ordinarily used, and besides this it will be seen that the great wear and tear of clothing consequent upon the old method of hard rubbing upon a board, and the use of the pounding barrel, is wholly avoided, and an *immense saving* is thus made. It is emphatically the female's friend.

☞ *Warranted to give perfect satisfaction, or the money will be refunded.*

For sale by C. G. C. HAZARD,
